

The Downtown Beautification Committee & Environmental Commission's

Here's a chance to make a positive difference in the appearance of your town!
We invite you to Adopt-A-Sign this year.

Volunteers from businesses, community groups and families are invited to sign up to maintain one or more of the "Welcome" and park signs installed at multiple spots in Berkeley Heights.

<p>From May through October, signs will require 4 visits per season or as needed. Tasks will include.....</p>				
	<p>Wash the sign and posts in the Spring: This requires small amount of soap and water.</p>	<p>Maintain area around the sign: Pick up litter and leaves & remove weeds.</p>	<p>Maintain/Add plantings: If plantings need replacing, we have a list of options.</p>	<p>Manage the plantings: Fertilize, mulch & water in the Spring/Summer. Cut back plants in the late Fall.</p>

To express our gratitude to you, we will submit an article of thanks to TAPInto.com with the name of your business, community group, or family, and also post our thanks on the Downtown Beautification Committee page of the township website and on social media.
